Clara Venhoten

Goal : he tried to order little lemon on the website. and he wants to booking for reseave a table

User Expectations:
- Select Restaurant food
- Ability to customize
- Enter adress and pay easly
- Booking Restaurant

	Enter Website	Select & Customize	Pay	Details
Doing	• Open Little Lemon Website • Find where I can order food for delivery	Visit the home page and • Fill the "reserve a table" tabs .	• Enter paymet details	• Add Number of diners • Fill the user information
Thinking	I want to order a • restaurant for dinner tonight	Hmmm Can only see • specials, where is booking order ?	We can pay in easily for • more details	Simple the detail information user
Saying	• Greate I can order booking for tonight	No customization, i cant • change another restaurant ?	This is terrible. I'm going to • phone the restaurant	I'm really dizzy with detailed information
Felling	😀	😐	🥴	😧

Opportunities :

There is an opportunity to add customization options. Customers can make a booking order to reseave a table at the nearest restaurant from where they live

Todo :
- Reserve a table
- Booking Confirmation
